Business Process Improvement Project Examples

Joint Intermediate Force Capabilities Office

- More than five years of support for the Joint Intermediate Force Capabilities Office (JIFCO) across multiple Task Orders, including: Senior Leader Engagement, Strategy Development, Change Management, Engineering Support, Technical Writing, and Strategic Communications
- An integral team member in the execution of the Joint Non-Lethal Weapons Program mission

Program Manager, Ground Based Air Defense (PM GBAD)

- Supported Marine Corps System Command PM GBAD with a year-long strategic communication study to assess collaboration between the GBAD Program Office and key stakeholders
- Executing a comprehensive report on the Russo-Ukrainian conflict to identify and review GBAD through the lenses of interoperability, performance, reliability, complexity, sustainability, and training. It will also assess GBAD and strike tactics, techniques, and procedures to identify current and future gaps that inform programmatic decisions and plans

North Atlantic Treaty Organization (NATO)

- Supporting NATO's Supreme Allied Command Transformation in Norfolk, Virginia
- Provided counterterrorism SME and strategic analysis support across multiple contracts
- Researched and authored a comprehensive report detailing emerging advancements and efficiencies in operational energy generations and utilization

USMC Training and Education Command

- Provided critical research, technical, and analytical support for a multi-year, multi-phased independent study on how to structure a Marine Corps Next-Generation (NextGen) Training & Education (T&E) enterprise.
- The report provided the Commandant of the Marine Corps (CMC) with the necessary justification to elevate the Commanding General, TECOM billet to a 3-Star role.
- Three study phases with key T&E stakeholders, internal and external to the Marine Corps and TECOM, including Marine Corps operational units, to collect quantitative and qualitative data
